The S7 SR WHEELCHAIR STAIRLIFT

The Terry S7 SR model is an inclined platform lift designed for straight stairways. The lift is a safe, reliable and cost-effective accessibility solution. This lift can be installed with little or no structural modifications.

FUNCTIONAL AND VERSATILE

- Platform folds to a narrow profile for maximum stairway clearance
- A handrail is provided for seated passenger use
- Constant pressure controls for user or attendant
- Key controlled operation
- Power fold platform, ramps and arms
- Joystick control

OPTIONS

- A range of platform sizes
- Increased load capacity to 300kg
- Side entry / exit (adjacent entry)
- Folding seat (for semi-ambulant users)
- Wander Lead (handheld control buttons for use by attendant)
- Powder coated mild steel floor mount stanchions for internal and external applications
- Galvanised or stainless-steel floor mount stanchions
- Alternative RAL colours

SPECIFICATIONS
