THL 400
Domestic Lift

Easy and compact solution for access between floors

The THL 400 Domestic Lift is the ideal solution for maintaining independence in your home. Available in three platform sizes, the THL 400 has capacity for a wheelchair user or two to three people. It can be personalised to complement your home perfectly with a range of colours, different materials and stylish touches such as glass walls. Installation is quick and simple with minimal building work involved.

Features

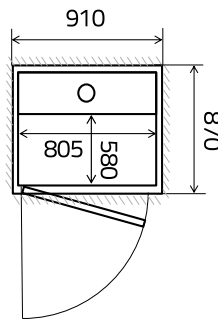

- Different sizes and options available to suit your needs
- Quick installation with minimal building works required
- Patented screw/nut technology
- Low maintenance and operating costs
- Battery-powered emergency lowering
