Portable Lifting Platform

www.terrylifts.co.uk
Flexible temporary solution for wheelchair access

The Portable Platform Lift provides easy and reliable disabled access on a temporary basis. The lift folds away conveniently for transport and storage. It consists of a self-contained unit built on large castors, so it can be wheeled into place with minimum effort. Following initial training, the lift is easy to set up by two people. It can be simply plugged into an existing power point.

Standard features
- **Folds away** for convenient moving and storage
- Large castors for easy transportation
- **Shallow approach ramp** to a portable base frame
- Convenient controls
- **Plug-in charger** keeps batteries charged for immediate re-use
